## **DETAILED ACTION**

### ***Response to Amendment***

This Office Action is in response to applicant's Request for Continued Examination filed on August 8, 2006. The IDS also filed on August 8, 2006 has been considered, and no further relevant prior art was found. Therefore, the amended claims are still in condition for allowance as indicated in the previous Notice of Allowance sent on July 12, 2006.

### ***Allowable Subject Matter***

Claims 1-20 are allowed.

### ***Reasons for Allowance***

The following is a statement of reasons for the indication of allowable subject matter:

Regarding independent claims 1 and 12, the prior art does not disclose or suggest orienting engagement pieces of an attachment mechanism to their corresponding legs to position the engagement pieces to contact an instrument at contact points in order that a component is located at a known and constant distance from the centerline of the instrument regardless of the diameter of the instrument.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
